

**Subject :**

The query of the requirement of the District Administrators of the aboriginal population on mountains under the jurisdiction of municipalities in property declaration and the agency for processing the declaration.

**Description :**

The mountainous districts of the aboriginal people under the jurisdiction of municipalities are self-autonomous groups, and the District Administrators shall declare their property with the Control Yuan after the amendment to the Act on Property-Declaration by Public Servants. Yet, property declaration with the Ethics Office of the administering agency before the completion of the amendment is still necessary.

In the case of the transfer of duties of Civil servants at the local level within the declaration period, but where the identity required for property declaration is not interrupted, declaration of property at the time of the preceding position and the succeeding position shall be made with the Control Yuan by regular property declarations of the declaration year .

Civil servants may choose the date of entrusting property , as it is not necessary to be identical with regular property declaration or inauguration (report-for-duty) declaration.
