## The Agency Reinforces the Exchange with Foreign Investors, Communicates the Anti-Corruption Policy Achievements and Enhances National Image

To improve the communication with foreign investors (association) in Taiwan, the Agency holds "2014 Global Advance • Corporate Governance Competitiveness Forum" at 5F GIS Convention Hall of GIS MOTC Convention Center today, December 17 (Wednesday). The topic "Establish sound corporate governance, enhance the business and national competitiveness" is adopted to communicate the anti-corruption effects and determination of the government to foreign investors in Taiwan and business circles.

The representatives of governmental agencies and industries such the Deputy Director General of Securities and Future Bureau, Financial Supervisory Commission Chang, Li-Chen and the managing director of international well known financial institution Morgan Stanley Tsai, Wen-Chin, the President of Dun & Bradstreet, Inc., Taiwan Branch Sun, Wei-Chen, president of international well known standard establishment organization BSI Pu, Shu-Sheng, and Chief of Legal Compliance Chou, Chi-Sheng of Siemens – HK Region are invited to discuss the connection between "business operation and corporate governance", "corporate governance and national competitiveness" from different perspectives.

According to the planning policy "Golden Ten Years National Vision" of Executive Yuan, the global anti-corruption rating improvement is one of the important policy goals. As to the measure of enhancement, in addition to consolidating the integrity construction, creating objectively favorable conditions, the Agency has found that reinforcing the communications with experts, foreign investors, business chairmen or managers, intensifying their knowledge to the effort of government in term of simplified policies for the convenience of all people, greater investment benefits and reduced operational barrier are keys from the review of related rating. President Ma also had been given instruction to frequently contact with foreign institutions allowing them understand our anti-corruption actions and avoid misunderstanding from error image to get justice evaluation toward our anti-corruption policies from various surveys and assessments.

Seeing that, the Agency will continuously drive the thematic and interactive exchanges through forums and integrate the autonomic reports of Internet and plane media to clearly communicate the attention paid and results of efforts made by the government with foreign investors and business circles as well as carry out the goal of enhancing the integrity image of our country.
